

Effectiveness of skin cancer drugs by analyzing meta data

STA130 - Final Project

Umi Yamaguchi, Ralisha Woodhouse, Yifei Hong

December 8, 2022

Introduction

Goals And Motivation

1.

2.

3.

Population and Samples

```
"Hello, World."
```

```
## [1] "Hello, World."
```

► Samples

Data Wrangling

Setup

- ▶ Population
- ▶ Samples
- ▶ Population
- ▶ Samples

Checking Outliers and Data Sets

*post the heat maps/box plots etc. . .

Two Hypothesis Teting

Questions:

Methods:

- 1.

Results and Prediction (Two Hypothesis Testing)

Results

Talk about the results

Linear Regressions

Questions:

Methods:
